VISION

TC-PUSBEU/30 USB A and C Charger with EU Plug

Lifetime warranty

USB dual-port charging adapter

EU CEE 7/7 Europlug

MFI (made for iOS) certified factory

Outputs 30w for fast charging

This universal USB charger is ideally suited to any device which uses USB-A and USB-C for charging. It is powerful enough to run the new breed of laptops that are powered over USB-C, and new iPhones which use a 30w power transformer. It uses Gallium Nitride (GaN) transistors which makes it smaller than normal chargers.
