

Fits 4 different sizes of trunking

This adaptor is part of Vision's Techconnect modular faceplate family. It attaches a surround to a variety of European dado rail sizes.

### Future-proof

If you break a module or need to change it in the future, just replace that part - not the entire faceplate.

### Flexible

Get to site and the client changes what they want on their AV faceplate? No problem.

### Strong

Techconnect parts are robust for the rigours of every day use. They include strengthening ribs and reinforcing where required.

### Proven

For over 15 years Techconnect has improved and developed into one of the most popular AV faceplates in the world.
