

EN

NEW EPSON MODELS

A new code transmission method means TC3-CTL **CANNOT** learn codes from the remote.

By default this TC3-CTL has these new Epson codes assigned:

To change or set codes you **MUST** now use the codes in the software library.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		A/V MUTE	
<input type="checkbox"/> 5	RS-232	Select		COMPUTER	
				DOWN	
				ESC	
				HDMI	
				HOME	
				LAN	
				LEFT	
				MENU	
				POWER	
				RIGHT	

The software can be downloaded from vav.link/tc3-ctl

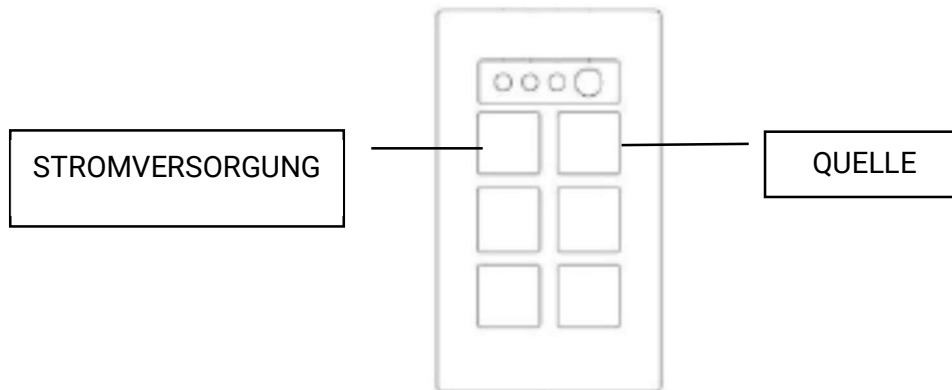

Connect the TC3-CTL via USB to the PC to save the commands to the device.

DE

NEUE EPSON-MODELLE

Aufgrund einer neuen Code-Übertragungsmethode kann das TC3-CTL **KEINE** Codes von der Fernbedienung lernen.

Standardmäßig sind diesem TC3-CTL folgende neue Epson-Codes zugewiesen:

Zum Ändern oder Festlegen von Codes **MÜSSEN** Sie ab sofort die Codes in der Softwarebibliothek verwenden.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		AV MUTE

				POWER	
				RIGHT	

Die Software kann von vav.link/tc3-ctl heruntergeladen werden

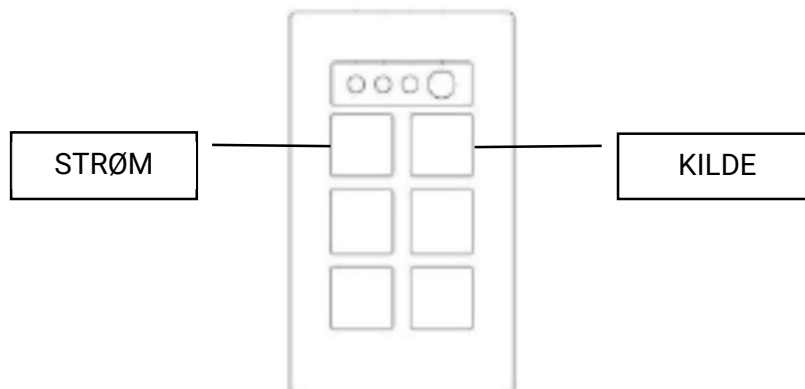

Verbinden Sie das TC3-CTL über USB mit dem PC, um die Befehle im Gerät zu speichern.

DK

NYE EPSON-MODELLER

En ny kodetransmissionsmetode betyder, at TC3-CTL **IKKE KAN** lære koder fra fjernbetjeningen.

Som standard har denne TC3-CTL disse nye Epson-koder tildelt:

Hvis du vil ændre eller indstille koder, **SKAL** du nu bruge koderne i softwarebiblioteket.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

				POWER	
				RIGHT	

Software kan downloades fra yav.link/tc3-ctl

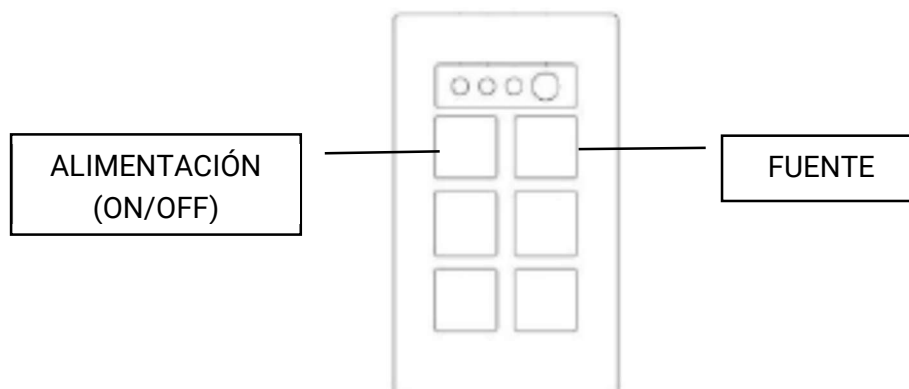

Slut TC3-CTL via USB til pc'en for at gemme kommandoerne på enheden.

ES

NUEVOS MODELOS PARA EPSON

Al tener un nuevo método de transmisión de códigos, esto implica que el TC3-CTL **NO PUEDE** memorizar códigos del mando a distancia.

De forma predeterminada, el módulo TC3-CTL tiene asignados estos nuevos códigos Epson:

Para cambiar o establecer códigos, **DEBE** usar los códigos de la biblioteca de software.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		A/V MUTE	
<input type="checkbox"/> 5	RS-232	Select		COMPUTER	
				DOWN	
				ESC	
				HDMI	
				HOME	
				LAN	
				LEFT	
				MENU	
				POWER	
				RIGHT	

El software se puede descargar desde vav.link/tc3-ctl

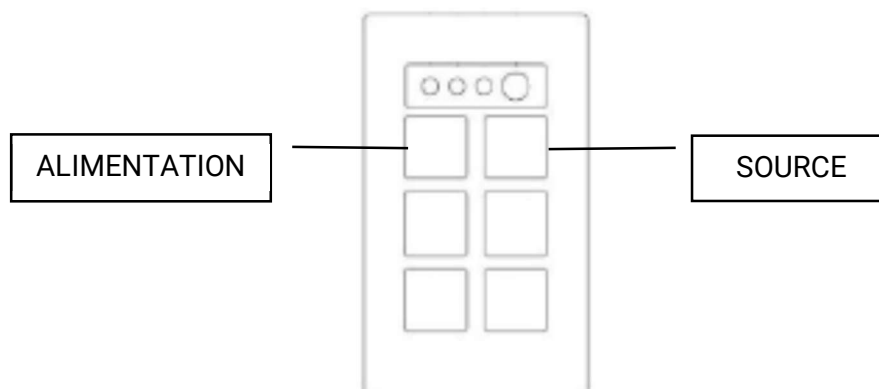

Conecte el TC3-CTL al PC a través de USB para guardar los comandos en el dispositivo.

FR

NOUVEAUX MODÈLES EPSON

En raison d'une nouvelle méthode de transmission des codes, le TC3-CTL **NE PEUT PAS** recevoir les codes à partir de la télécommande.

Ces nouveaux codes Epson ont été affectés par défaut au TC3-CTL :

Pour modifier ou définir des codes, vous **DEVEZ** maintenant utiliser les codes de la bibliothèque du logiciel.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		AV MUTE	
<input type="checkbox"/> 5	RS-232	Select		COMPUTER	
				DOWN	
				ESC	
				HDMI	
				HOME	
				LAN	
				LEFT	
				MENU	
				POWER	
				RIGHT	

Le logiciel peut être téléchargé sur vav.link/tc3-ctl

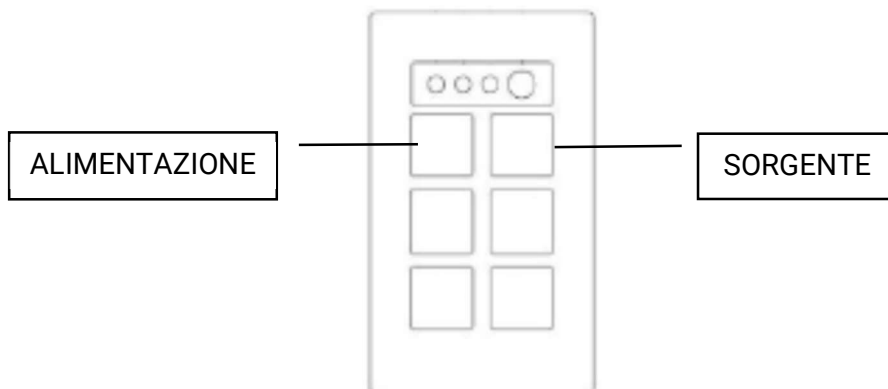

Connectez le TC3-CTL par USB au PC pour enregistrer les commandes sur l'appareil.

IT

NUOVI MODELLI EPSON

Con il nuovo metodo di trasmissione del codice, il TC3-CTL **NON È IN GRADO** di apprendere codici dal telecomando.

Per impostazione predefinita, a questo TC3-CTL sono assegnati i seguenti nuovi codici Epson:

Per modificare o impostare i codici, **È NECESSARIO** utilizzare i codici della libreria del software.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		AV MUTE	
<input type="checkbox"/> 5	RS-232	Select		COMPUTER	
				DOWN	
				ESC	
				HDMI	
				HOME	
				LAN

				MENU	
				POWER	
				RIGHT	

Il software può essere scaricato da vav.link/tc3-ctl

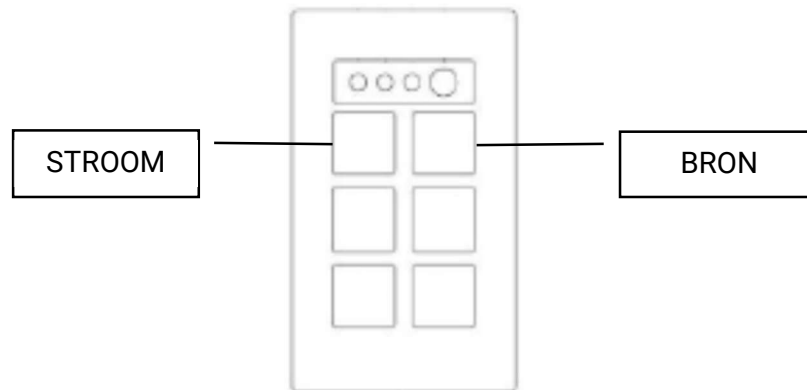

Collegare il TC3-CTL tramite USB al PC per salvare i comandi sul dispositivo.

NL

NIEUWE EPSON-MODELLEN

Een nieuwe codetransmissiemethode betekent dat de TC3-CTL **GEEN** codes van de afstandsbediening kan leren.

Standaard zijn aan deze TC3-CTL de volgende nieuwe Epson-codes toegewezen:

Om codes te wijzigen of in te stellen, **MOET** u nu de codes in de softwarebibliotheek gebruiken.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		AV MUTE	
<input type="checkbox"/> 5	RS-232	Select		COMPUTER	
				DOWN	
				ESC	
				HDMI	
				HOME	
				LAN	
				LEFT	
				MENU	
				POWER	
				RIGHT	

De software kan worden gedownload vanaf vav.link/tc3-ctl

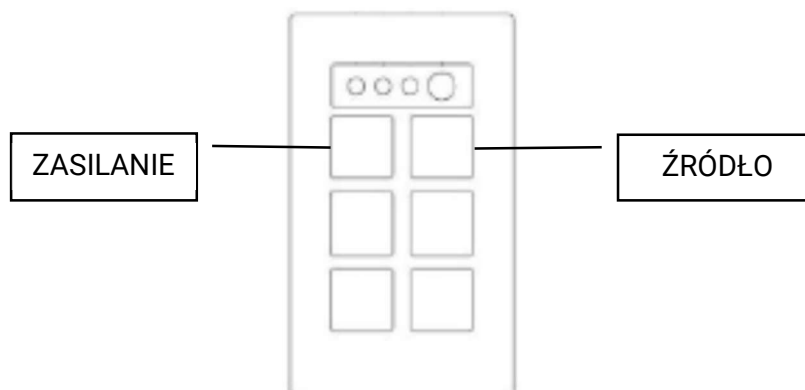

Sluit de TC3-CTL via USB aan op de pc om de opdrachten op te slaan op het apparaat.

PL

NOWE MODELE EPSON

Nowa metoda transmisji kodów oznacza, że TC3-CTL **NIE MOŻE** nauczyć się kodów z pilota.

Domyślnie TC3-CTL ma przypisane te nowe kody Epson:

Aby zmienić lub ustawić kody, **TRZEBA** teraz użyć kodów znajdujących się w bibliotece oprogramowania.

VS Program Button set

Button Name: 1

Buttons Backlights:

- Option A: When pressed light flashes briefly.
- Option B: Light stays on all the time and turns off briefly when pressed.
- Option C: When pressed light stays on until an associated button is pressed.

Command	Control Type	Brand	Model	Function	Code
<input checked="" type="checkbox"/> 1	IR	Epson	new2021	Select	
<input type="checkbox"/> 2	RS-232	Select		Select	
<input type="checkbox"/> 3	RS-232	Select		Add New	
<input type="checkbox"/> 4	RS-232	Select		A/V MUTE	
<input type="checkbox"/> 5	RS-232	Select		COMPUTER	
				DOWN	
				ESC	
				HDMI	
				HOME	
				LAN	
				LEFT	
				MENU	
				POWER	
				RIGHT	

Oprogramowanie można pobrać ze strony vav.link/tc3-ctl

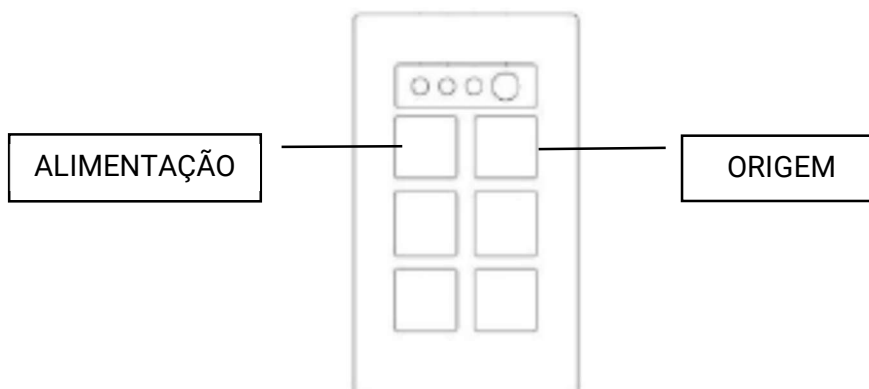

Podłącz TC3-CTL przez USB do komputera, aby zapisać polecenia na urządzeniu.

PT

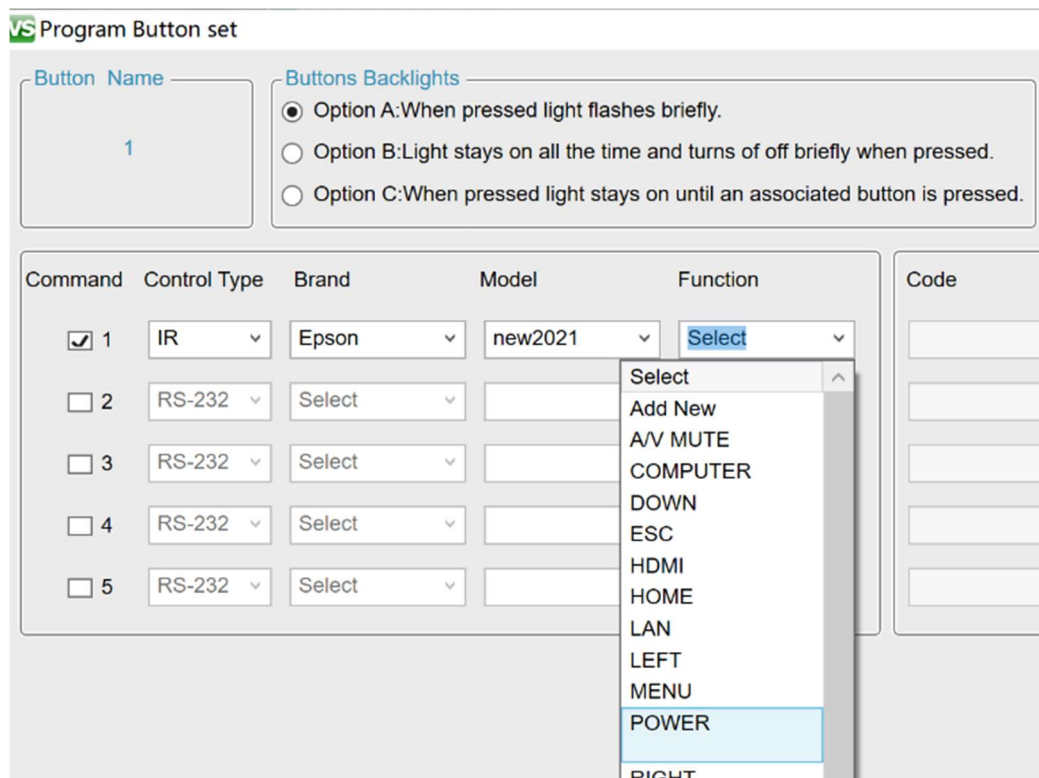

NOVOS MODELOS DA EPSON

Um novo método para transmissão de códigos significa que o TC3-CTL **NÃO PODE** aprender códigos com o telecomando.

Por predefinição, este TC3-CTL tem atribuídos estes novos códigos da Epson:

Para alterar ou definir códigos, agora **DEVE** usar os códigos da biblioteca de software.

O software pode ser descarregado a partir de vav.link/tc3-ctl.

Ligue o TC3-CTL ao PC via USB, para guardar os comandos no dispositivo.
