VISION

TC3 USBB TC3 USB-B to USB-A Module

vav.link/tc3_usbb   TC3 USBB   EU SAP: 3446581

"A" type socket on the rear as found on a laptop chassis

"B" type socket on the front as found on a printer chassis

Occupies 1 module space

USB 3.0 (backward compatible with 2.0)

This module is part of Vision's Techconnect connectivity faceplate family.

Fixes to Surround
Techconnect modules fix into a surround, which in turn fixes to a backbox, mudring (for hollow walls), or a table faceplate.

Future-proof
If you break a module or need to change it in the future, just replace that part - not the entire faceplate.

Flexible
Get to site and the client changes what they want on their AV faceplate? No problem.

Strong
Techconnect parts are robust for the rigours of every day use. They include strengthening ribs and reinforcing where required.

Proven
For over 15 years Techconnect has improved and developed into one of the most popular AV faceplates in the world.

Backward Compatible
Works with USB 2.0 or 3.0.
