

Female 15-pin D-sub connector for PC output
Phoenix connector at rear
Occupies 1 module space

This module is part of Vision's Techconnect connectivity faceplate family.

Fixes to Surround

Techconnect modules fix into a surround, which in turn fixes to a backbox, mudring (for hollow walls), or a table faceplate.

Future-proof

If you break a module or need to change it in the future, just replace that part - not the entire faceplate.

Flexible

Get to site and the client changes what they want on their AV faceplate? No problem.
