

# White Dual Desk Arm with Shelf

VFM-DAD3+S EU SAP: 4871925 US SAP: 70017261

[vav.link/vfm-dad3pluss](https://vav.link/vfm-dad3pluss)

Dual arm double-articulated desk mount  
One arm supports a display up to 34",  
One arm has a laptop tray  
Adjustable side clamps to secure laptops  
For laptops from 292-430 mm (11.5-16.9") wide  
Shelf size: 292 x 275 mm (11.5 x 10.8") deep  
Unique Quick-Clamp  
Parts included for grommet fixing to desk

Correct ergonomics are essential to avoid injury and maximise productivity. People who use a laptop (or tablet) with a second computer monitor should have their laptop screen at the same height as the monitor and have a separate keyboard on the desk. This mount combines the standard dual-desk arm with a shelf (which comes in separate carton).

Vision have obsessed over the detail to make it as quick and easy to install.

## VESA

The arms offer a massive range of movement, and the VESA mount fits any monitors which have 75 x 75 mm or 100 x 100 mm rear mounting holes.

## Premium Construction

Aircraft-grade aluminium arms are finished with a white anti-scratch surface.

## Quick-Clamp

The clamp has a quick-release to adjust quickly for varying table thicknesses as thin as 14 mm (0.44").

## Thumbscrews

Includes thumbscrews so you can be done faster, with fewer tools.

## Quick Release

The laptop tray fixes to the desk post's VESA plate – where the display would normally fix – which is quick-release.

## Adjustable Dampers

To allow for different loads the dampers can be tightened or loosened to make sure the display stays where it is when you let go of it.

## SWL 4.5 kg

This mount can support a laptop up to 4.5 kg (9.9lbs), and a display up to 8.0 kg (17.6 lbs).

## Display Size 10-34"

The recommended maximum size is 34", but if a larger display has the correct mounting points and weighs less than the SWL this mount can support it safely.

## Vents

Slots in the shelf keep the device cool, maximising airflow.

## Foam Dots

High-density foam dots help to isolate vibration and keep the device in place. They also hold tablets off the tray to help airflow.

## Double-Pivot

Two articulated points in the horizontal arm allow a huge range of positioning. The arm reach is up to 460 mm (18").

## Cable Management

Cables can be routed along the arm.

VISION

### **Grommet Included**

In some applications you might prefer to drill a hole in the table and fix the mount directly.

### **Swivel and Tilt**

The ultra-flexible design allows -45-45° of tilt adjustment, and -90-90° of swivel range.

### **Rotate**

Easily move the shelf from landscape to portrait style.

### **Maximum Height**

The maximum height from the desk top to the shelf is 510 mm (20.1"). Maximum reach of each arm is 622 mm (24.5").
