

Double-articulated desk mount for flat panels up to 34"  
Cable management  
Flexible low-cost post-style design

Vision's **Vision Flat-Panel Mount – Desk** range is tough and flexible. The VFM-DP (desk post) fits any flat-panel LCD or LED screen which has 100 x 100mm rear mounting holes – most computer monitors.

### SWL 10 kg

The VFM-DP can support monitors up to 10 kg (22 lb).

### Up to 34"

Fits screens that ranges from 10" to 34". If a larger display has the correct mounting points and weighs less than the SWL this mount can support it safely.

### Double-Pivot

Two articulated points in the horizontal arm allow a huge range of positioning.

### Cable Management

Clips on the arm secure cables which can then be dropped down inside the post for tidy cable routing.

### Variable Height

Slide articulated arm up and down the post, then lock off at required height. The post is 392 mm (15.4") tall.

### Freedom of Movement

85-15° of tilt adjustment, and 180° of rotation adjustment, plus the double-articulated arms puts the display right where you need it.
