Double-articulated desk mount with laptop tray
Adjustable side clamps to secure laptops
For laptops from 240-420 mm (9.4-16.5") wide
Shelf size: 300 mm (12") wide x 280 mm (11") deep
Parts included for grommet or clamping to desk
Post Height: 443 mm (17.4") tall

In use cases where users have shallow desks dual-arm mounts occupy too much depth. Those users are better served by two single-arm mounts – one to support the display, and another for the laptop. Two independent arms also allow more placement flexibility. This product combines the standard desk post with a shelf (which comes in separate carton).

Vision have obsessed over the detail to make it as quick and easy to install.

Components included:

1 x White Monitor Desk Post 100×100

Thumbscrews
Includes thumbscrews so you can be done faster, with fewer tools.

Quick Release
The laptop tray fixes to the desk post's VESA plate – where the display would normally fix – which is quick-release.

SWL 4.5 kg
This mount can support laptops up to 4.5 kg (9.9lbs).

Vents
Slots in the shelf keep the device cool, maximising airflow.

Foam Dots
High-density foam dots help to isolate vibration and keep the device in place. They also hold tablets off the tray to help airflow.

Double-Pivot
Two articulated points in the horizontal arm allow a huge range of positioning. The arm reach is up to 460 mm (18").

Cable Management
Clips on the arm secure cables which can be routed along the mount.

Variable Height
Slide the arm up and down the post, then lock off at required height with the quick release cam lever. The post is 443 mm (17.3") tall.

Desk Thickness
The clamp fixes to a table from 10-88 mm (0.4-3.5") thick.

Grommet Included
In some applications you might prefer to drill a hole in the table and fix the mount directly.

Swivel and Tilt
The ultra-flexible design allow -45-45° of tilt adjustment, and -90-90° of swivel range.

Rotate
Easily move the shelf from landscape to portrait style.

Scratch-Resistant
The powder-coated surface is thicker and more scratch resistant than paint.
