

# Black Dual Desk Post with laptop shelf and monitor arm

VFM-DPD2B+S EU SAP: 4871929 US SAP: 70017257  
[vav.link/vfm-dpd2bpluss](http://vav.link/vfm-dpd2bpluss)

Dual arm double-articulated desk mount  
One arm supports a display up to 27",  
One arm has a laptop tray  
Adjustable side clamps to secure laptops  
For laptops from 240-420 mm (9.4-16.5") wide  
Shelf size: 300 mm (12") wide x 280 mm (11") deep  
Parts included for grommet or clamping to desk  
Post Height: 443 mm (17.4") tall

Correct ergonomics are essential to avoid injury and maximise productivity. People who use a laptop (or tablet) with a second computer monitor should have their laptop screen at the same height as the monitor and have a separate keyboard on the desk. This mount combines the standard dual-desk post with a shelf (which comes in separate carton).

Vision have obsessed over the detail to make it as quick and easy to install.

## VESA

The arms offer a massive range of movement, and the VESA mount fits any monitors which have 75 x 75 mm or 100 x 100 mm rear mounting holes.

## Thumbscrews

Includes thumbscrews so you can be done faster, with fewer tools.

## Quick Release

The laptop tray fixes to the desk post's VESA plate – where the display would normally fix – which is quick-release.

## SWL 4.5 kg

This mount can support a laptop up to 4.5 kg (9.9lbs), and a display up to 8.0 kg (17.6 lbs).

## Display Size 13-27"

The recommended maximum size is 27", but if a larger display has the correct mounting points and weighs less than the SWL this mount can support it safely.

## Vents

Slots in the shelf keep the device cool, maximising airflow.

## Foam Dots

High-density foam dots help to isolate vibration and keep the device in place. They also hold tablets off the tray to help airflow.

## Double-Pivot

Two articulated points in the horizontal arm allow a huge range of positioning. The arm reach is up to 460 mm (18").

## Cable Management

Clips on the arm secure cables which can be routed along the mount.

## Variable Height

Slide the arm up and down the post, then lock off at required height with the quick release cam lever. The post is 443 mm (17.3") tall.

## Desk Thickness

The clamp fixes to a table from 10-88 mm (0.4-3.5") thick.

## Grommet Included

In some applications you might prefer to drill a hole in the table and fix the mount directly.

VISION

### Swivel and Tilt

The ultra-flexible design allows -45-45° of tilt adjustment, and -90-90° of swivel range.

### Rotate

Easily move the shelf from landscape to portrait style.

### Scratch-Resistant

The powder-coated surface is thicker and more scratch resistant than paint.
