

Dual arm double-articulated desk mount
 One arm supports a display up to 27",
 One arm has a laptop tray
 Adjustable side clamps to secure laptops
 For laptops from 240-420 mm (9.4-16.5") wide
 Shelf size: 300 mm (12") wide x 280 mm (11") deep
 Parts included for grommet or clamping to desk
 Post Height: 443 mm (17.4") tall

Correct ergonomics are essential to avoid injury and maximise productivity. People who use a laptop (or tablet) with a second computer monitor should have their laptop screen at the same height as the monitor and have a separate keyboard on the desk. This mount combines the standard dual-desk post with a shelf (which comes in separate carton).

Vision have obsessed over the detail to make it as quick and easy to install.

Components included:

1 x White Monitor Desk Post 100x100 Dual END OF LIFE DECEMBER 2021

VESA

The arms offer a massive range of movement, and the VESA mount fits any monitors which have 75 x 75 mm or 100 x 100 mm rear mounting holes.

Thumbscrews

Includes thumbscrews so you can be done faster, with fewer tools.

Quick Release

The laptop tray fixes to the desk post's VESA plate – where the display would normally fix – which is quick-release.

SWL 4.5 kg

This mount can support a laptop up to 4.5 kg (9.9lbs), and a display up to 8.0 kg (17.6 lbs).

Display Size 13-27"

The recommended maximum size is 27", but if a larger display has the correct mounting points and weighs less than the SWL this mount can support it safely.

Vents

Slots in the shelf keep the device cool, maximising airflow.

Foam Dots

High-density foam dots help to isolate vibration and keep the device in place. They also hold tablets off the tray to help airflow.

Double-Pivot

Two articulated points in the horizontal arm allow a huge range of positioning. The arm reach is up to 460 mm (18").

Cable Management

Clips on the arm secure cables which can be routed along the mount.

Variable Height

Slide the arm up and down the post, then lock off at required height with the quick release cam lever. The post is 443 mm (17.3") tall.

Desk Thickness

The clamp fixes to a table from 10-88 mm (0.4-3.5") thick.

Grommet Included

In some applications you might prefer to drill a hole in the table and fix the mount directly.

Swivel and Tilt

The ultra-flexible design allows -45-45° of tilt adjustment, and -90-90° of swivel range.

Rotate

Easily move the shelf from landscape to portrait style.

Scratch-Resistant

The powder-coated surface is thicker and more scratch resistant than paint.

SPECIFICATIONS

VFM-DPD2W+S White Monitor Desk Dual Post with shelf

VFM-DPD2: PRODUCT DIMENSIONS

548 x 913 x 148 mm / 35.9 x 5.8 x 4.5"
