

VISION SERIES X

VFM-F19 Height-Adjustable Value Display Cart 50kg

Vision's F19 floor stand is our most economical trolley, yet it upholds our stringent standards for easy assembly and solid construction. It is a stripped back version of Vision's popular F21 for those on a budget.

It comes with all necessary components included, and an unbeatable lifetime warranty. This elegant floor stand is ideal for use in meeting rooms or classroom settings.

- Portable floor stand for displays up to 80 kg
- Fits displays with VESA sizes up to 800 x 600 mm
- For 55-100 Displays
- (subject to VESA pattern and weight limit)
- Height adjustable by hand crank
- Large 4 wheels
- Extra wide video bar shelf

Features

SWL 50 KG (110 LBS)

The sturdy steel frame can support displays that weigh up to 50 kilograms. For heavier displays choose the VFM-F26.

31-80" DISPLAYS

The suitability of a stand is also determined by the weight of the display and the dimensions of the mounting points. Displays that weigh under 50 kg and have a VESA pattern up to 600 x 400 mm are compatible with this stand.

ROTATE TO PORTRAIT

This cart is ideal for users who require the ability to rotate their display 90 degrees.

3" WHEELS

The 3-inch (75 mm) casters guarantee that the cart is easy to manoeuvre. Two of the four are locking.

ADJUSTABLE HEIGHT

To adjust the column height, pull the spring-loaded locking pin located at the rear. This allows for a height variation of 400 mm (16 inches). A minimum of two people are required to do this safely.

Specifications

PACKAGED DIMENSIONS

x x mm / 0 x 0 x 0 (depth x width x height)

PRODUCT WEIGHT

1315 x 520 x 245 mm / 51.8 x 20.5 x 9.6 (length x width x height)

PACKAGED WEIGHT

35.0 kg (77.2 lbs)

SAFE WORKING LOAD (SWL)

39.1 kg (86.2 lbs)

SHELF SAFE WORKING LOAD

80 kg (176 lbs)

SHELF SAFE WORKING LOAD

CONSTRUCTION MATERIAL

Steel

COLOUR

Sandblasted Black

TILT

The VESA mount is adjustable and can be tilted downwards to prevent reflections from overhead lighting.

TWO SHELVES

The cart includes one shelf for a video conference camera above the display and a larger one below for laptops and other equipment. Both shelves are height adjustable.

ANTI-WOBBLE

Once the height is set, a grub screw is tightened to secure the two sections of the column together.

MINI PC MOUNT

VESA100 mounting holes and M4 stand-offs are provided, allowing for attachment of a mini-PC, such as a Dell Optiplex or Intel NUC, to the VESA mount behind the display.

CABLE MANAGEMENT

Route the cables through the column.
