

Floor stand for displays up to 80 kg  
Fits displays with VESA sizes up to 800 x 600 mm  
For 55-100" Displays  
(subject to VESA pattern and weight limit)  
Height adjustable by hand crank  
Wall and Floor Fixing

Vision's F26W fixes a display against a wall and safely transfers the load to the floor. The height-adjusting hand crank features a mechanism that is easy to operate and reliable. Like all Vision products, it includes all necessary components and comes with an unbeatable lifetime warranty.

These attractive floor stands are ideal for meeting room facilities, schools, or any setting where large format displays are used.

### SWL 80 kg (176 lbs)

The sturdy steel frame can support displays that weigh up to 80 kilograms.

### 55-100" Displays

The suitability of a stand is also determined by the weight of the display and the dimensions of the mounting points. Displays that weigh under 80 kg and have a VESA pattern up to 800 x 600 mm are compatible with this stand.

### Adjustable Height

Turn the crank handle located at the side of the column to adjust the display height by 400 mm (16 inches).

### Tilt

The VESA mount is adjustable and can be tilted downwards to prevent reflections from overhead lighting.

### Mini PC Mount

VESA100 mounting holes and M4 stand-offs are provided, allowing for attachment of a mini-PC, such as a Dell Optiplex or Intel NUC, to the VESA mount behind the display.

### Cable Management

Vision considers every detail! Included are stick-on cable clips that allow for discreet cable routing up the column.

## SPECIFICATIONS

**PACKAGED DIMENSIONS**

1315 x 520 x 260 mm / 51.8"x 20.5"x 10.2" (length x width x height)

**PRODUCT WEIGHT**

36.3 kg (80.0 lbs)

**PACKAGED WEIGHT**

42.1 kg (92.8 lbs)

**SAFE WORKING LOAD (SWL)**

80 kg (176 lbs)

**SHELF SAFE WORKING LOAD**

5 kg (11 lbs)
