

# Fixed Flat-Panel Wall Mount 400×400

VFM-W4X4V EU SAP: 5461089

[vav.link/vfm-w4x4v](http://vav.link/vfm-w4x4v)

Non-tilting Wall Mount for large-format flat panels 32-55"  
(subject to VESA pattern and weight limit)  
Mounting points up to 400 (wide) x 400 mm (tall) apart  
Light Duty 60 kg / 132 lb SWL

Vision's Vision Flat-panel Mount - Wall range is flexible and includes everything you need to get the display on the wall. The VFM-4X4V fits any flat-panel LCD or LED screen which has rear mounting holes up to 400 wide x 400 mm tall apart. It has a simple design for price-sensitive applications.

## SWL 60kg

Vision engineered the cost down by using less material, but it can still support displays weighing up to 60 kg / 132 lb.

## Everything Included

Vision includes everything you need including a load of M5, 6, and 8 bolts in varying lengths to fix the vertical arms to the rear of the display.

## For 32-55" Displays

Fits most displays from 32-55" subject to VESA pattern and weight limit. Note: curved screens are not supported by this mount.

## Meets ADA Regulations

The thin design holds the display just 30 mm / 1.2" off the wall. This looks better, reduces snagging risk, and because the load is close to the wall the mount has a higher safe working load rating.

## Flexible

A proven design allows fast fixing. Slotted holes on the horizontal part allow easy fixing to stud walls, and side-to-side adjustment.

## Secure

Once in place locking strips slide up to prevent the assembly being lifted off the bracket by opportunistic thieves.

## Non-Tilt

Strength comes from a simpler non-tilting design.
