Heavy duty 100 kg / 220 lb SWL

Display latches in place

Optional camera shelf

Vision's **Vision Flat-panel Mount - Wall** range is designed by Vision's engineering team for professional AV installers. This mount is no-compromise: very strong, fast to install, highly adjustable, everything included. The VFM-W6X4 fits any flat-panel LCD or LED screen which has rear mounting holes up to 600 wide x 400 mm tall apart.

### Heavy Duty

Interactive flat panels are large and very heavy. Vision's VFM-W6X4 uses heavy gauge sheet metal to take the weight up to SWL 100 kg / 220 lb safely.

### Everything Included

Vision includes everything you need including a load of M5, 6, and 8 bolts in varying lengths to fix the vertical arms to the rear of the display.

### For 37-85" Displays

Fits most displays from 37-85" subject to VESA pattern and weight limit. Note: curved screens are not supported by this mount.

### Meets ADA Regulations

The thin design holds the display just 30 mm / 1.2" off the wall. This looks better, reduces snagging risk, and because the load is close to the wall the mount has a higher safe working load rating.

### Designed for Professionals

A proven design allows fast fixing, and slotted holes on the wall part allowing levelling adjustment after fixing.

### Latches Securely

The display latches on the horizontal section as the display is hung in place. Snap the plastic pull-rods off to length so they are hidden behind the display. Give the pull-rods a downward tug to unlatch the display.

### Side by Side

Two horizontal sections can be fixed together side by side for dual-display video conference or huddle room applications. Or extend the horizontal to bridge wide load bearing points in a wall.

### Hide Media Player

Thoughtfully placed VESA 100 x 100 mm holes on the horizontal part allow a thin media player to fix behind the display out of sight.

### Video Conference Shelf

An optional shelf fixes in the centre above or below the display. Any camera including the Logitech Rally or Meetup can be fixed to the shelf. *Part Number: VFM-WVC/2 [SAP: 8271288]*
