# VFM-WA6X4/4 Black Flat-Panel Wall Arm 600x400

vav.link/vfm-wa6x4-4 VFM-WA6X4/4 EU SAP: 13453876

Lifetime warranty

Double-articulated wall mount for flat panels that ranges from 42" to 86"
Extra long reach: 975 mm (38")
Heavy Duty SWL 35 kg/ 77 lbs

Vision's VFM-WA6X4/4 supports flat-panel displays with rear mounting holes up to VESA 600 × 400 mm, providing a robust solution for larger screens. Its heavy-duty construction and extended reach make it ideal for installations that demand both durability and flexible positioning.

**Fits Displays Up to 86"**
Most larger displays use VESA mounting hole patterns up to 600 × 400 mm, making this mount suitable for the majority of screens up to this size. If a larger display has the correct mounting pattern and weighs less than the supported load, it can be mounted safely.

**Safe Working Load — 35 kg (77 lbs)**
The mount features a strong mechanical design with a safe working load of 35 kg.

**Adjust Level**
If the wall plate is not installed perfectly level, the mount provides 6° of rotation to allow the display to be levelled after installation.

**Tilt and Swivel Range**
The mount offers −5° to −15° tilt and 90° swivel, making it suitable for corner installations, high-mounted displays in waiting areas, or general office and meeting-room use.

**VESA Compatibility**
Supports VESA patterns up to 600 × 400 mm. It also accommodates all smaller VESA sizes down to 200 × 200 mm.

**Cable Management**
Integrated management allow cables to be routed neatly under the arm.

## SPECIFICATIONS

**PRODUCT DIMENSIONS**
see image

**PACKAGED DIMENSIONS**
467 mm x 332 mm x 92 mm / 18.4" x 13.1" x 3.7" (length x width x height)

**PACKAGED WEIGHT**
9.0 kg/ 19.8 lbs

**SAFE WORKING LOAD**
35 kg/ 77 lbs
