

## Flat-Panel Wall Arm 600×400

VFM-WA6X4V2 EU SAP: 4686956 US SAP: 13293570

[vav.link/vfm-wa6x4v2](http://vav.link/vfm-wa6x4v2)

Double-articulated wall mount for flat panels that ranges from 42" to 70"  
Sturdy 2.5 mm thick rolled steel  
Reaches 55-356 mm (2.2-14.0")

**Vision's Vision Flat-Panel Mount – Wall Arm range is tough and flexible. The VFM-WA6X4 fits any flat-panel LCD or LED screen which has rear mounting holes up to 600 x 400 mm apart.**

### Up to 70"

Most larger displays use VESA arrangement of mounting points up to 600 x 400 mm apart, so the WA6X4 fits the majority of displays up to this size. Note: if a larger display has the correct mounting points and weighs less than the SWL this mount can support it safely.

### Safe Working Load

The strong mechanical design has a "safe working load" of 20 kg (44.1 lbs).

### Rotation

Didn't fix the wall plate perfectly plumb? No problem! 6° of rotation allow you to get the display level easily once the display is in place.

### Tilt and Swivel

-2-12° tilt and 90° swivel. Use this mount to fix a display in a corner up high in a waiting room, or fix displays around an office or in meeting rooms.

### VESA

The VESA system defines how far apart the mounting holes are on the back of your flat-panel. Holes 600 x 400 mm apart are known as VESA 600×400 and will suit this mount. This mount also covers all smaller VESA sizes.
