Vision Laptop Mounts are synonymous with high-quality products. Unlike many laptop stands that are often unattractive and lacking in features, Vision prioritizes the needs of users in their design process, resulting in a range of attractive and genuinely useful stands.

The VLM-S is tailored for laptop users seeking a simple and discreet stand. If you have a modern, thin laptop and desire a stand that seamlessly complements it, the VLM-S is the ideal choice, as it discreetly hides itself while providing reliable support.

3-part Design

This stand is conveniently divided into three parts, and assembling it without the need for any tools takes just a moment.

Non-Slip

The stand is equipped with silicon pads that prevent it from sliding on the table and securely hold the laptop in position

Aluminium

Crafted with premium materials, this stand is designed to perfectly match the sleek and modern look of today's laptops, ensuring a cohesive and stylish appearance.

Cable Management

The strategically placed holes assist in keeping cables organized and tidy on your desk.

Heat Management

With minimal contact points, the laptop can cool naturally, promoting efficient and effective heat dissipation
